SERIAL No. 5

The Registrar of the
Chief Court of Mysore

To

The Secretary to the
Government of Mysore.

Sir,

Adverting to para 2 of Government Proceedings No. 5887-8 / J 398 dated 19th September 1896, I am directed to submit for the consideration and approval of Government, the following proposals for the introduction of the Central Mazarat system at Shimoga.

X Vide Sl. 2 of ch 770 96

This system which was introduced by the High Court of Madras in certain Districts of that Presidency in 1883 and has since been extended throughout the Presidency and is being satisfactorily worked there is simply the consolidation into one establishment of the several process service establishments at the head quarters of a District with the

object

object of effecting an economy of labor by avoiding the simultaneous working over the same area of process servers of different Courts. It is proposed to introduce it at Shimoga as an experimental measure by amalgamating the existing process establishments of the District and Munsiff's Courts there, adding a certain number of Amins and Peons, and placing the whole under the supervision of a single Nazir for effecting service of all processes issued by the Courts of the District and Sub Judges and the Munsiff of Shimoga. It is also proposed to utilize the Post office for the transmission of processes from one Court to another within the District.

The number of processes issued for service by Amins in 1895-96 was 286 in the District Court, and 1709 in the Munsiff's Court of Shimoga, making together 1995, and those to be served by

1 What is the average number of daily duties of Amins and Peons

2 Is the Extra now proposed an amendment in the Rules?

I presume it will have all [illegible]

by Peons was 2959 in the former Court and 9522 in the latter making a total of 12481. It is estimated that an establishment consisting of 15 Amins and 35 Peons placed under an efficient Nazir will be sufficient to ensure the prompt service of the processes of the 3 Civil Courts located at Shimoga. The Amins and Peons will for the present be classed in accordance with the Process Rules now in force. The Nazir should be a well paid officer considering the responsible nature of his duties and it is proposed to fix his salary at Rs 50/- per month. The Judges are of opinion that the Central Nazarat should be attached to the Munsiffs' Court, for if attached to a higher Court the processes of the inferior Courts may not receive the prompt attention that is necessary.

Then will the Nazir of the Munsiff's Court (5 a peon) during the Nazir will be dispensed with ?

The cost of the present process establishments of the District and

Munsiffs'

Munsiffs Courts is Rs 4,536/- per annum
If the same Establishment as was
sanctioned for the Shimoga Sub Court
in 1894 be allowed for that Court
at a cost of Rs 1992/- per annum
the total cost for the 3 Courts will
be Rs 6528/-. The consolidated esta-
blishment now proposed will cost
Rs 6276/- per annum and will be
met from the process fees collected
which, it is expected will always be
more than enough to cover the
expenditure, the amount collected
in 1895-96 being Rs 8002-8-0. Thus
the immediate saving effected will
be Rs 252/- per annum and it is
probable that after a time when
the practical working of the system
is better understood a reduction in
the number of Amins and Peons
may be found feasible.

A Proposition statement
in the prescribed form is submitted

for

for which I am to request the early
sanction of Government.
